

RICK PODGORSKI -- Rick is the Western Regional Vice President of the Foundation for Digestive Disease and Nutrition, the fundraising arm of the 100-year old American Gastroenterological Association (AGA). The foundation supports research into the causes and treatment of digestive diseases and promotes public education programs, such as the highly successful colon cancer awareness program. Rick has been in fundraising for 20 years and has also served as Assistant Vice Chancellor for Development at UCSD and Vice President for Advancement at SUNY New Paltz. He lives in Carlsbad with his wife Susan and their four children.
